ANDREAS LAMPIRIS

Terre Haute, IN
+30 698 592 8866
andrylab56@gmail.com
Portfolio: iddartech.med.duth.gr/ddart/engineering · GitHub: github.com/andreas-lampiris

Education:

Bachelor of Science, Mechanical Engineering **May 2030**
Rose-Hulman Institute of Technology – Terre Haute, IN
Relevant Courses: EM 121 Statics & Mechanics of Materials I, EM 103 Introduction to Design

International Baccalaureate Diploma **May 2026**
Geitonas School – Athens, Greece **IB Diploma: 39/45, Graduated 2nd in Class**

Skills:

Software: SolidWorks, Fusion 360, MATLAB, Python, Java, C++, JavaScript, PyTorch, Git, Linux
Technical: CAD for manufacture, fabrication and prototyping, AI model training and validation
Personal: Team leadership, collaboration with medical and technical staff, mentoring, public speaking
Language: Greek (native), English (fluent), French (intermediate)

Work Experience:

DDART Technologies – Alexandroupolis, Greece **January 2024 – Present**
Research Developer, Clinical AI and Software

- Serve as the sole developer of a six-application medical software platform used daily by eye doctors at a university hospital and six health centers across Greece.
- Trained an AI model to detect three blinding eye diseases from retinal photographs, then proved its true accuracy at 76–81% on four independent datasets after finding its 99% score misleading.
- Install and maintain the on-site servers the platform runs on, working hands-on with doctors, hospital IT, and health-center staff across six cities to turn clinical needs into working systems.

Private Tutor – Athens, Greece **2025 – 2026**

- Tutored first-year International Baccalaureate students in mathematics and computer science.

Project Experience:

Competition Robot – Shooter and Intake Design **2024 – Present**

- Designed the robot's shooter and intake mechanisms in SolidWorks and Fusion 360, refining them across five build-and-test iterations to reach roughly 75% shooter accuracy.
- Cut part count from 50 to 20 to meet a tight budget with limited sponsorship.

Toy Awards National Competition – Design and Team Lead **January 2023 – October 2024**

- Designed original toys for Greece's national competition, winning the 1st Golden Award.

Leadership and Volunteer Experience:

FIRST Robotics Competition – Co-Founder and Team Lead **September 2024 – Present**

- Co-founded Greece's first team; won Best Rookie in Europe and Best Designed Robot (2025).

Model United Nations – Delegate and Committee Chair **2022 – 2025**

- Won three Best Delegate and two Second Best Delegate awards; chaired three conferences.

Community Volunteer – Athens, Greece **2022 – 2026**

- Elderly care center, coastal cleanup drives, and support for children with disabilities.

Activities:

Greek National Robotics Team; national competitor for Greece in Mathematics, Physics, and Robotics.
